

COUNT ON BIZHUB COLOR TO KEEP YOU COMPETITIVE AND HELP YOU COMMUNICATE MORE EFFECTIVELY. WITH EXCLUSIVE SIMITRI® HD TONER QUALITY, THE BIZHUB C360, C280 AND C220 PRODUCE SPECTACULAR COLOR DOCUMENTS AT HIGHER SPEED AND LOWER COST. KONICA MINOLTA ALSO LEADS THE INDUSTRY IN A WIDE RANGE OF OPTICAL AND ENGINEERING TECHNOLOGIES — INNOVATION THAT EARNED THE BIZHUB C360 SERIES BLI'S "PICK OF THE YEAR" AWARD. THE BIZHUB C360 SERIES OUTPERFORMS MONOCHROME DEVICES, STREAMLINES YOUR WORKFLOW, AND MAINTAINS COMPETITIVE TOTAL COST OF OWNERSHIP — AN UNBEATABLE BIZHUB COMBINATION.

Color that makes business look better than ever.

Your next-generation B&W replacement.

If you've been marking time with current B&W equipment, now's the time to move to color. The bizhub C360 Series gives you full-color print/copy/scan replacement with full MFP functionality — and without sacrificing B&W cost-efficiency.

Konica Minolta technology gives you higher color quality than conventional monochrome replacement printers can provide. That means any-sized business can produce superb full-color documents at the same speed as B&W — up to 36 ppm. You can mix color and B&W printing to meet the needs of each document. From finance and insurance to education, marketing and corporate communications, everyone will benefit from the bizhub advantage.

Even light-production office environments will benefit from accelerated processing, high output speed, and cost-effective printing to keep pace with rising demands. And there's a powerful option for the bizhub C360 and C280 in graphics-intensive applications: a Fiery® Print Controller with a host of color enhancements, including sophisticated color calibration, advanced queue management, and Fiery VUE for expert results without expert knowledge.

bizhub /

Eco Vision 2050 is Konica Minolta's commitment to protect the environment — saving energy, preserving resources, promoting recycling and reducing $\rm CO_2$ emissions by 20% in 2015 — and ultimately by 80% in 2050, to help sustain the environment for generations to come. Please visit our website to learn more about our environmental initiatives and our exclusive Clean Planet Program.

The beauty of Simitri HD Toner with Biomass.

Smaller, more uniform particles. Energy-saving, low-temperature oil-less fusing. And Biomass, a renewable organic resource that makes it friendlier to the environment than traditional toner. All to create spectacular images with sharper detail and finer halftone definition — in color documents that won't crack, peel, or fade over time.

Konica Minolta's exclusive Simitri HD toner with Biomass technology gives you all these advantages. In the bizhub C360, C280 and C220, you'll also have new advancements in color reproduction. Improved resolution, with 1800 dpi equivalent x 600 dpi. Smooth 256-grayscale gradation, for lifelike photos. Richer tonality, for vivid color graphics. And outline PDF, to smooth text edges for greater legibility.

Industry-leading image stabilization helps speed your output, with settings that optimize performance for near 100% productivity in various applications. Improved image processing maintains excellent color uniformity through long-run print jobs — a real plus.

Sophisticated design, simple operation.

Konica Minolta has incorporated animated screens to guide you and make menus more user-friendly. You can also count on a wide range of new control advantages — including the industry award-winning speed and convenience of MyTab™ printing, so individuals can create a customized tab that saves their preferred print settings for quick access.

A large 8.5" color touch-panel display makes even first-time operators more productive. User-friendly controls, simple menus and programmable short-cut keys put more power at your fingertips. Thumbnails let you preview documents before you print, avoiding mistakes that waste time and paper. Using just one finger, a simple pull can open smooth-rolling paper drawers with lock-release levers. And easy-loading drawers, tilting control panel and clearly visible LED colors provide Section 508 compliance.

From every angle, the bizhub C360 Series is designed for good looks and great performance. Sleek dark cabinet color. Compact space-saving design. An InfoLine™ display that shows operating status at a glance, even from across the room. And using an optional Working Table (Side Panel Kit WT-507), you can remount your color touch-screen to the side of your bizhub for better fit in smaller spaces.

The built-in power of bizhub OP.

It drives the unique Konica Minolta approach to MFP performance: sophisticated functions, simple operation, seamless networking.

Designed for greater productivity, the proprietary bizhub OP (Open Platform) control system adheres, adapts and expands to the needs of your growing IT infrastructure. Exclusive bizhub Architecture gives you integrated performance, uniform operation and less need for operator training. The Emperon® Print System is built in, for full print/copy/scan functionality. And bizhub Extended Solution Technology (bEST) integration can interface seamlessly with print management, variable printing, cost control and other specialized software — all the advantages you need to do business right in the digital era.

The importance of green technologies.

With Konica Minolta, the environment isn't an afterthought. Right from the start, we incorporate green technologies into every bizhub we make. Lower power consumption. Energy-saving operating modes. High-yield toner bottles designed for easy recycling.

We also cut down on emissions, minimize pollutants and utilize recycled materials wherever possible in our manufacturing operations — aiming for reduced environmental impact throughout the life cycle of each bizhub product.

While you work, the bizhub C360 Series is whispersoft in printing, document feeding and standby modes, with quieter fan, smoother paper feed and reduced vibration — so everyone can get more done with less distraction.

Industry award-winning MyTab[™] convenience.

Printing that speeds document output and cuts costs.

FOR MID-SIZE BUSINESSES AND WORKGROUPS, IN-HOUSE COLOR PRINTING CAN SAVE SERIOUS MONEY.

COUNT ON THE BIZHUB C360 SERIES TO PRINT HIGH-QUALITY COLOR JOBS MORE EFFICIENTLY: REPORTS,

PRESENTATIONS, SALES AIDS, DIRECT-MAIL BROCHURES, TRAINING AND HUMAN RESOURCE MATERIALS

THAT STRENGTHEN YOUR MESSAGE AND IMPROVE YOUR IMAGE. YOU'LL ALSO HAVE ADVANCED PRINT

FUNCTIONALITY AND POWERFUL FINISHING OPTIONS – THE KEY TO HIGHER IN-HOUSE PRINT PRODUCTIVITY.

Print control is built into your bizhub.

With built-in print control powered by Konica Minolta's advanced Emperon Print System, you can count on full print productivity right out of the box. Up to 1 GHz controller speed and 2 GB main memory give you all the power you need for higher output and superior quality – the kind standard printer/copiers can't match.

standard commands, and auto detection and configuration of devices to simplify IT control in multi-printer networks.

For total flexibility, you'll have Bluetooth® wireless printing (with optional EK-605), a standard frontpanel USB connector for conveniently saving files to and printing from a USB thumb-drive, USB memory printing with document preview, and the ability to import/export files via USB memory to/from individual User Boxes.

Productivity, reliability, economy.

In action, the bizhub C360, C280 and C220 all bring you unsurpassed reliability and cost-efficiency. Internal components have been redesigned for longer life and greater accessibility. Large color toner capacity allows you to work longer. And separate black drum, separate color drums and individual CMYK developer units can be replaced as necessary to save even more.

Options to do more – and do it better.

Right-size scalability makes your bizhub a perfect match for the specific document needs of any application.

You'll have two finishing options: an internal Staple Finisher (FS-529), with 50-sheet 3-position stapling and electronic sorting - or a compact Floor Finisher (FS-527), with 50-sheet stapling and modular design for addressing your other autofinishing needs: Hole-Punch Kit (PK-517) for 2/3-hole punching, Saddle Kit (SD-509) to create up to 60-page (15-sheet) booklets, and Job Separator Tray (Third Output Tray JS-603) to sort prints and copies more effectively.

The Banner Paper Tray (MK-713) even lets you stock up to 10 banner sheets to produce full-color banners up to 11.75" x 47.25". There's also a Job Separator Tray (JS-505) for sorting print/copy/fax output. Banner printing is supported with FS-529, FS-527, JS-505, or without finishing options. Please check the bizhub media guide for recommended banner paper.

More printing, less waiting.

Every bizhub C360 Series model is built for speed. An optional high-capacity reversing auto document feeder lets you scan or copy originals in sizes up to 11" x 17". Proof Copy lets you check your output before making a full print/copy run. And you can print and automatically duplex up to 140 lb. index stock with 100% duplex productivity at rated engine speed.

For multi-page memos and reports, a cornerstaple key is on the basic copy menu for quick setup. In copy mode, you can automatically apply a transparent watermark to copies - and easily copy two-sided business cards, drivers' licenses and insurance cards with the new Card Shot feature.

Higher paper capacity lets you print or copy longer without reloading. An optional 2,500 sheet Large Capacity Cassette (PC-408) raises maximum paper capacity to 3,650 sheets. You can load up to 12" x 18" paper to print oversized graphics, 2-page spreads and color proofs preserving crop marks and borders.

Control that turns technology into productivity.

DIGITAL TECHNOLOGY CAN SPEED AND SIMPLIFY YOUR WORKFLOW – AND YOU CAN COUNT ON THE BIZHUB C360 SERIES

TO HELP YOU MOVE INFORMATION FASTER. YOU CAN SCAN, SAVE, SHARE IN SECONDS. DISTRIBUTE FILES TO MULTIPLE

DESTINATIONS. INCREASE YOUR THROUGHPUT WITH COLOR CONTROL, HIGH-VOLUME SUPER G3 FAX, AND UNIQUE I-OPTIONS.

MAKE USE OF SPECIAL BIZHUB FEATURES CUSTOMIZED TO THE WAY YOUR BUSINESS WORKS. SAFEGUARD YOUR DATA WITH

ADVANCED. SECURITY FUNCTIONS – AND INCREASE YOUR PRODUCTIVITY WITH SEAMLESS NETWORKING SOFTWARE

Scan documents to multiple destinations.

With touch-screen simplicity, you can scan to Email, FTP, SMB, and perform TWAIN scanning from PCs. Scan-to-Me and Scan-to-Home let you quickly bring information into your personal workflow. A unique bizhub Send function lets you perform scan functions simultaneously — for example, Emailing a file to a co-worker while faxing it to an outside supplier and saving it to your FTP site.

User Boxes on your built-in 250 GB Hard Disk Drive give you dedicated storage for document creators, departments, workgroups, even projects. Quick access to User Box functions and User Box Routing enable you to share documents, move/delete/combine pages, even change resolution and color output settings.

WebDAV (Web-based Distributed Authoring and Versioning) support makes it easy to manage server files and folders, identify authors and dates, lock documents and track revisions. IPv6 support increases IP addressing power and security by giving every networked bizhub device its own IP address. And Gigabit Ethernet handles information more quickly to reduce traffic demands on your network.

More ways to increase your throughput.

For all-in-one productivity, Color Internet Faxing and a Fax Kit option provide Super G3 speed, sophisticated transmission/reception features, Color Internet Faxing, PC and IP Address Faxing — along with an address book that holds thousands of locations, broadcasting and program dialing capabilities, and optional dual line to double your fax handling capacity.

Three unique Konica Minolta i-Option® Kits let you incorporate more special features into your bizhub system. The LK-101 v2 i-Option Kit provides an AJAX-capable web browser for faster Internet access, Scan-to-SharePoint® convenience, and Image Panel interface to manage User Box files more easily. The LK-102 i-Option Kit gives you government-level AES 128-bit PDF encryption. And the LK-105 i-Option Kit adds searchable PDF functionality, so you can quickly locate text and data in PDF files.

Fire up your color graphics.

An optional IC-412 Fiery® Image Controller is available for the bizhub C360 and C280 - offering sophisticated color management and document printing tools. You'll be able to handle specific Pantone color requirements, manage print queues more effectively, and fine-tune color output with advanced control capabilities. Fiery Booklet Maker makes it easy to create sophisticated full-color booklets with supplied templates. And Fiery VUE gives creators an intuitive, icon-driven view of their documents - to orchestrate all elements into a professional high-impact result.

IT power with PageScope software.

Finally, every bizhub C360 Series model lets you take advantage of Konica Minolta's integrated PageScope® software – powerful programs that work together to increase your productivity.

PageScope Enterprise Suite is a server-based authentication and accounting solution that tracks bizhub activities on a per-page basis. It provides password-protected log-in with multiple ID authentication possibilities: Biometric, HID Proximity Cards, HID iClass Cards, Magnetic Stripe Cards, and CAC/PIV Cards*. You can print securely any time. anywhere, with customized bizhub display at any MFP on your network – so your print job follows you wherever you go.

PageScope Web Connection gives each bizhub device its own "website" for simple setup and control. PageScope Net Care Device Manager lets IT administrators manage multiple devices from a single point. There's also PageScope Print Status Notifier, with automatic alerts to speed your workflow. PageScope Data Administrator[™], to handle addresses, passwords, and accounts more easily.

In any application, even with the busiest workloads at times of peak document traffic, your bizhub does it all.

Proximity Card Unit (AU-201H), HID iClass Card Unit (AU-202H). Magnetic Stripe Card Reader (AU-204H), CAC/PIV Solution (AU-211P)* and Biometric Authentication Unit (AU-102), for secure access to bizhub MFP functions, and quick "ID and Print" operation.

Konica Minolta leads the industry in protecting sensitive information – conducting far more extensive security evaluations than our competitors do. All three buzhub C360 Series models are certified for ISO 15408 Common Criteria security classification that meets the strict version 3.1.

Standard security protections include bizhub Secure Print password locks, Customized User Authentication for printing, scanning, faxing and User Box, Encrypted PDF workflow to protect information passing from PC to network, IP Filtering to register IP addresses of PCs on your network, SSL/TLS Encryption to protect data during exchange with LDAP servers, S/MIME Encryption to safeguard Email exchanges and Audit Log/Image Log to track usage and control access.

There's more: HDD Lock, 3X HDD Job Erase function, and HDD sanitizing to overwrite data in 8 different modes to meet military and international standards.

Optional security enhancements can increase your protection - with Copy Guard and Password-Protected copy functions (SC-507 required).

COUNT ON KONICA MINOLTA

Konica Minolta Business Solutions U.S.A., Inc., is a fast-growing leader in advanced digital imaging systems. From desktop to print shop, Konica Minolta supplies leadership products that business professionals count on to fulfill increasing demands for high-speed, low-cost color and B&W document output. With over 37,000 worldwide employees, cutting-edge research programs in optical and digital technology, and the industry's most complete line of document imaging solutions, Konica Minolta was recognized by Brand Keys for the second consecutive year as the #1 Brand for Customer Loyalty in the MFP Office Copier Market. As long as you count on Konica Minolta, you've made the right decision.
